

Bismillahi, Bismillah. In the name of Allah

Bismillahi, Bismillah. In the name of Allah

Oh Allah you are my lord, the one and only God

Muhammad is my guide, towards the holy light

Bismillahi, Bismillah. In the name of Allah

Bismillahi, Bismillah. In the name of Allah

Every morning as I wake, I only pray for Allah's sake

For this world to always be filled with peace and harmony

Bismillahi, Bismillah. In the name of Allah

Bismillahi, Bismillah. In the name of Allah

{loadposition bannersmiddle}

Before I start to brush my teeth, before I wash my hands and feet

With my friends before I play, I begin to always say

Bismillahi, Bismillah. In the name of Allah

Bismillahi, Bismillah. In the name of Allah

Before I go to bed at night, before I switch off every light

I sleep in Allah's name so in my heart He shall remain

Bismillahi, Bismillah. In the name of Allah

Bismillahi, Bismillah. In the name of Allah

I read the Holy Qur'an so that I may understand
What is right and what is wrong, oh everybody sing this song

Bismillahi, Bismillah. In the name of Allah
Bismillahi, Bismillah. In the name of Allah

Ya Allah do send your peace upon Rasullullah
For he taught me to pray, in the name of Allah

Bismillahi, Bismillah. In the name of Allah
Bismillahi, Bismillah. In the name of Allah
