

## **Sabr and Shukr Nasheed Lyrics**

There was so much on my mind in my bed I lay  
I turned to my side and I heard a voice say  
Stop all your whining, heart rates declining  
You've got so much more than most  
Look how you're sleeping, how much you've eaten  
Don't you know that you're supposed to say

Chorus:

Sabr and Shukr are wonderful things  
The praises to Allah we should always sing  
when things go right it's from Him not me  
And when they are wrong, we get through patiently

I got out of bed, began to walk  
Bumped into some folks and we started to talk  
Did you hear about the killing, the bloodshed the stealing  
The grass got burned on the other side  
Soldiers a coming, people a running  
All that's left is the orphan child

Chorus

Bridge:

I opened my eyes and began to see  
Everything that's happening around me  
What seemed half empty now seems so full  
There's no use crying over what's been spilled  
While babies are dying, mothers are crying  
Their containers have never even been filled

Chorus (Half)

Inn Allah ha, Ma As Saabireen

I opened my eyes, began to see  
Everything that's happening around me
