

Allah is Watching Me Nasheed Lyrics

In the middle of darkest night, and I am thinking I am out of sight
But, I must come to realize Allah is watching me

My every breath, my every sigh
My every tear, my every cry
Every moment of my life, Allah's watching me.

My every breath is watching me
My every step is watching me
My every move is watching me
Allah's watching me.

My creator is watching me
My sustainer is watching me
My Lord is watching me
Allah is watching me.

Everytime I miss salah
Fail to pay my due zakah
Miss my fasting Ramadan
Allah is watching me.

Every time I share the tear
Live my life between hope and fear
The purpose of my life is clear
Allah's watching me.

My every breath is watching me
My every step is watching me
My every move is watching me
Allah's watching me.
