

## **Where We Belong Nasheed Lyrics**

Once, I was drowning in my fears  
and the twinkle in my eye disappeared  
and I had no way to look on  
my horizon seemed to have gone  
and my whole life seemed empty and bleak  
each day and night the answers I seek

But when the darkness seems so strong  
and I couldn't go on  
to the sky I raise my hands  
making right what was so wrong I found the strength to carry on  
upto heaven where I belong

In life, there are lessons to be learned  
with steadfastness, paradise is earned  
and if all hope seems to be gone, just hold on 'til after the storm  
and if you ask what purpose have I? why am I here and why do I cry?

And when the darkness seems so strong  
and you just can't go on  
pray for your helping hand  
you'll see the sun will rise again  
you'll find the strength to carry on  
upto heaven where you belong

'coz life is but a journey for us all  
we cry, we laugh we run, sometimes we fall  
but through it all always recall God never gives a burden too tall

When the darkness seems so strong  
and I can't go on  
to the sky i raise my hands  
making right what is so wrong  
I find the strength to carry on  
upto heaven where I belong

Coz when the darkness seems so strong  
and I cant go on,

to the sky I raise my hands making right what is so wrong  
I find the strength to carry on  
Upto heaven where I belong  
Upto heaven, heaven where I belong
